## New logo is there!

Along with the changes in the design and aesthetics of our products, we are constantly working on the looks and the functionality of the packaging, as well as on the promotion materials creating our image on the market. Therefore, together with our new collection we are proudly presenting the new logo of BRITOP Lighting. It was created by young architect from a small agency in Silesia in the southern Poland and stands for our unique passion for lighting.

## Nowe logo już jest!

Wraz ze zmianami zachodzącymi w designie i estetyce naszych produktów stale pracujemy nad jeszcze ciekawszym wyglądem i funkcjonalnością opakowań a także materiałów kreujących wizerunek naszej marki na rynku. Stąd wraz z nową kolekcją prezentujemy nowe logo BRITOP Lighting. Z niewielkiej, aczkolwiek bardzo kreatywnej pracowni architektonicznej ze Śląska na południu Polski, spod ręki młodego architekta wewnątrz wyszło nowe logo wraz z sygnetem symbolizującym naszą szczególną pasję do oświetlenia.

## Das neue Logo ist da!

Gemeinsam mit den Veränderungen im Design und der Ästhetik der Produkte, arbeiten wir stetig an einem noch interessanteren Erscheinungsbild und der Funktionalität unserer Verpackungen, sowie an den Materialien, die das Bild unserer Marke schaffen. Somit präsentieren wir gemeinsam mit der neuen Kollektion das neue Logo BRITOP Lighting. In einem kleinen Architekturbüro in Schlesien, im südlichen Teil Polens; entstand aus der Hand eines jungen Architekten ein Logo, das unsere besondere Leidenschaft für die Beleuchtung zeigt.

## Nous avons un nouveau logo!

L'évolution du design et de l'esthétique de nos produits va de pair avec un souci constant de soigner l'apparence et la fonctionnalité de nos emballages et des autres signes extérieurs, qui contribuent à créer notre image de marque sur le marché. C'est ainsi qu'avec notre récente collection, nous avons adopté un nouveau logo BRITOP Lighting. Ce nouveau logo – symbole de notre passion pour les luminaires – est né de l'inspiration d'un jeune architecte d'intérieur, dans un petit mais très créatif bureau d'architectes de Silésie, dans le sud de la Pologne.
